

**REMARKS**

Claims 3, 4, 6, 8 and 10 have been amended to eliminate multi-dependencies. New claims 17-25 have been added to provide the same dependencies as the multi-dependent claims.

Claims 11 and 13-15 have been amended to eliminate their intended multi-dependency on all the method claims. Claims 26-29 have been added to indicate that any or all of the subject matter of the claims that are dependent on claim 1 may also be dependent on claims 11 and 13-15.

Claims 27-48 have been added to more broadly claim the invention herein. These new claims are allowable for the same reasons as claims 1-26 are allowable.

In response to the rejection of claims 1-3, 5, 7, 9 and 11-16 under 35 U.S.C. §112, 2nd ¶, for allegedly being indefinite, the claims are not indefinite because those skilled in the art will understand the claim in view of the specification. None of the errors indicated by the examiner render the claims indefinite.

The Commissioner is hereby authorized to credit any overpayment or charge any fee (except the issue fee) to Account No. 14-1270.

Respectfully submitted,

By: Michael E. Belk
